

In Celebration of Black History Month, a special course offering:

**YOUR
VOICE
IS POWER**

{ **Make beats. Learn code. Promote equity.** }

Pharrell Williams, Georgia Tech, and Amazon invite you to engage your students in an inspiring new learning experience that explores the ways music, computer science, and entrepreneurship can be tools to advance racial equity.

Course Overview:

Students will explore how computer science, music, and entrepreneurship can advance equity. Using Georgia Tech's EarSketch platform, students will code a musical remix using Pharrell's new song "Entrepreneur".

Remixes will be submitted to a national competition. Five students (from around the country) will win a \$5,000 scholarship or grant to start a business.

When:

The course will meet virtually for an hour once a week for six consecutive weeks on Sundays, at 12 p.m.:

January 31st
February 7th
February 14th
February 21st
February 28th
March 7th

To Sign Up:

The course is free and is led by Mr. Wright
